Designer Diaper Covers Instructions

Items you will need:

Cut away backing

Diaper Cover (can be found at your local craft store)

Scissors

1. Hoop the diaper cover with two pieces of cut away backing.

2. Check the placement. If it is not exact, totally remove the diaper cover from the hoop and start again. Do NOT pull and stretch the cover into the correct position.

3. Attach the hoop to the machine and make sure only the part of the diaper cover which is going to be stitched is on top and that the rest of the garment is clear of the hoop. (also be sure the bottom of the garment is clear of the embroidery arm on your machine)

4. Finish embroidering the design.

5. Remove the diaper cover from the hoop and cut off excess stabilizer. Add any addition ruffles, ribbons, bows or buttons.

Your diaper cover is now complete!
